

## How should I wear my headscarf at Michaela?

We take great pride in our uniform at Michaela and the key to this is attention to detail. In line with this- headscarves must abide by our uniform policy just as shoes, shirts and trousers do.

There are three key principles to making sure our headscarves look professional:

- a) Headscarves must be black or dark blue.
- b) Pins or clips must be small, dark in colour and professional looking.
- c) Material must not be too long at the front or the back so as to obscure the uniform or look unprofessional. At the front, headscarves material must not go below the V-neck of a jumper or equivalent.

Below are some examples of acceptable headscarves:

Headscarf is black and it is tucked in all the way around.

Headscarf is dark blue and although it is a looser style, the material does not go below a few inches.

Headscarf is black and although it is not tucked in at the back, the material does not go below a few inches.

Small dark coloured pin.

Below are some examples of unacceptable headscarves:

Reason: Too much material at the front- it obscures much of the uniform.

Reason: Long pieces of material on either side.

Reason: Too much material at back.

Reason: Regardless of the design, bright coloured pins are not acceptable.
